About the Project

This project is located in the coastal village of Bahceli in North Cyprus. The complex consists of 490 units for sale including studio apartments, one-bedroom apartments, two-bedroom loft apartments and luxury three-bedroom villas.

This property complex will have a total of 9 very large communal pools stretching all the way around the units, therefore every property will have direct access to a pool.

The studio apartments come with either a garden or rooftop terrace option. One-bedroom apartments have private gardens and the two-bedroom apartments are lofts (2 floors) with access to their own private rooftop terraces.

The 3-bedroom villas are very unique in their design. The living space and bedrooms are separated by a glass corridor while the garden for this villa is located on the roof. The large front terrace hovers above the private natural swimming pool.

All units have a great view of the complex and the sea.

There are many facilities to choose from including a spa, hammam, sauna, massage rooms, fitness centre, beauty centre, snorkelling, restaurants, yoga and pilates rooms, mini golf and bicycle club.

This is a great investment opportunity for anyone looking for a unique holiday home in North Cyprus.
